## Water Main Burst – Solano Way, Concord

A water main has burst underneath Highway 242 on Solano Way in Concord. Water is spilling out onto the road and motorists are advised to use caution in the area.

The Contra Costa Water District has scheduled exploratory drilling and repairs for Wednesday morning. At that time one way traffic control may be required on Solano Way and Highway 242 ramps may be closed.

Until repairs are complete, please avoid this area of Solano Way and Highway 242 ramps if at all possible.
